

## European ERA4CS Joint Call for Transnational Collaborative Research Projects 2016

### Topic B - Researching and Advancing Climate Service Development by Institutional integration

#### Research Performing Organisation: **Barcelona Supercomputing Center (BSC)**

**Notice:** Depending on all conditions of eligibility and peer review being met, the budget earmarked collectively by the participating **Barcelona Supercomputing Center (BSC)** for this call will be up to **3,5 Mio €** (according to exchange rates at time of funding).

The official call announcement has been published on the **BSC** website. Details of the call and the application process are provided via the [www.era4cs.eu](http://www.era4cs.eu) website. Applicants are required to contact their Research Performing Organisation Contact Point before starting to prepare proposals for application. For **BSC** enquiries please see contact information below.

**Eligibility and funding modalities:** [Detail the Research Performing Organisation eligibility requirements for scientists from your institution to participate in the call, or direct them to the relevant website.](#)

Proposals of sub-topic(s):

[B.1: Development of new methods and tools](#)

[B.2: Impacts studies and models](#)

[B.3: Localization of Climate Information and Uncertainties Evaluation](#)

are eligible for **BSC** funding.

**BSC** will fund up to **700 k€** per proposals.

[Detail any additional specific requirements for your Research Performing Organisation e.g. building on specific programmes, focussing on specific areas within the Themes etc.](#)

It is expected that applications to this call will be Collaborative Research Grants with the consortium composition as defined in the call document, and **BSC** will fund the **BSC** researcher of any successful trans-national collaboration, according to the general rules stated in the call.

Funding plan should be drafted in accordance with H2020 financial rules.
