

## European ERA4CS Joint Call for Transnational Collaborative Research Projects 2016

### Topic B - Researching and Advancing Climate Service Development by Institutional integration

#### Research Performing Organisation: **Finnish Environment Institute, SYKE**

**Notice:** Depending on all conditions of eligibility and peer review being met, the budget earmarked collectively by the participating **Finnish Environment Institute (SYKE)** for this call will be up to **400 k€** (according to exchange rates at time of funding).

The official call announcement has been published on SYKE's website. Details of the call and the application process are provided via the submission website. Applicants are required to contact their Research Performing Organisation Contact Point before starting to prepare proposals for application. For **SYKE** enquiries please see contact information below.

**Eligibility and funding modalities:** **SYKE** can fund work in projects related to the ERA4CS calls, provided that the work has been accepted by the relevant Centre. Permission to participate in proposal should therefore be obtained from the relevant Centre Director before initiating the drafting the proposal. The SYKE funding is conditional on the inclusion of the activity in the relevant SYKE Centre's work plan and budget.

Proposals of sub-topic(s):

**B.1: Development of new methods and tools**

**B.2: Impacts studies and models**

**B.3: Localization of Climate Information and Uncertainties Evaluation**

are eligible for **SYKE** funding.

**SYKE** will fund up to **100 k€** per proposals.

The topics in which **SYKE** has particular interest are those related to flood risk management, services related to the assessment of climate impacts and adaptation, including both development of methods and tools and management of uncertainties.

It is expected that applications to this call will be Collaborative Research Grants with the consortium composition as defined in the call document, and **SYKE** will fund the **SYKE** researcher of any successful trans-national collaboration, according to the general rules stated in the call.

**Funding plan should be drafted in accordance with H2020 financial rules.**

**Research Performing Organisation Contact Point:**

**Mikael Hildén (general) and Markku Maunula (flood risk and water management)**

**PO Box 140, 00251 Helsinki, Finland**

**+358-40-7401675 (MH) +358-295251420 (MM)**
