

European ERA4CS Joint Call for Transnational Collaborative Research Projects 2016

Topic B - Researching and Advancing Climate Service Development by Institutional integration

Research Performing Organisation: Finnish Meteorological Institution, FMI

Notice: Depending on all conditions of eligibility and peer review being met, the budget earmarked collectively by the participating Finnish Meteorological Institute for this call will be up to 4 762 646 € including the in-kind contribution (according to exchange rates at time of funding).

The official call announcement has been published on the FMI internal website wilma.fmi.fi. Details of the call and the application process are provided via the www.era4cs.eu website. Applicants are required to contact their Research Performing Organisation Contact Point before starting to prepare proposals for application. For Finnish Meteorological Institute enquiries please see contact information below.

Eligibility and funding modalities: Please see the above mentioned website for details.

Proposals of sub-topic(s):

B.1: Development of new methods and tools

B.2: Impacts studies and models

B.3: Localization of Climate Information and Uncertainties Evaluation

are eligible for Finnish Meteorological Institute funding.

It is expected that applications to this call will be Collaborative Research Grants with the consortium composition as defined in the call document, and Finnish Meteorological Institute will fund the Finnish Meteorological Institute researcher of any successful trans-national collaboration, according to the general rules stated in the call.

Funding plan should be drafted in accordance with H2020 financial rules.
