

## European ERA4CS Joint Call for Transnational Collaborative Research Projects 2016

### Topic B - Researching and Advancing Climate Service Development by Institutional integration

#### Research Performing Organisation: Norwegian Meteorological Institute (MET Norway)

**Notice:** Depending on all conditions of eligibility and peer review being met, the budget earmarked collectively by MET Norway for this call will be up to 1.2 M€ (according to exchange rates at time of funding).

The official call announcement has been published on the MET Norway website ([www.met.no](http://www.met.no)). Details of the call and the application process are provided via the [www.era4cs.eu](http://www.era4cs.eu) website. Applicants are advised to contact their Research Performing Organisation Contact Point before starting to prepare proposals for application. For MET Norway enquiries please see below.

**Eligibility and funding modalities:** MET Norway takes part in this call on behalf of the Norwegian Centre for Climate Services (NCCS, [www.klimaservicesenter.no](http://www.klimaservicesenter.no)). NCCS is a cooperation between MET Norway, Norwegian Water Resources and Energy Directorate (NVE) and UniResearch, and is funded by the Norwegian Environment Agency. Norwegian scientists participating in the ERA4CS Joint Call should belong to one of the three NCCS-partners. The proposals must include a support letter (Letter of Support, LoS) from the Chairman of the NCCS-Board; - or from a person on his behalf.

Proposals of sub-topic(s):

[B.1: Development of new methods and tools](#)

[B.2: Impacts studies and models](#)

[B.3: Localization of Climate Information and Uncertainties Evaluation](#)

are eligible for MET Norway funding.

Applications should support the main NCCS objective; i.e. to provide decision makers in Norway with information relevant for climate adaptation.

It is expected that applications to this call will be Collaborative Research Grants with the consortium composition as defined in the call document, and MET Norway will fund the MET Norway / UniResearch / NVE researchers of any successful trans-national collaboration.

Funding plan should be drafted in accordance with H2020 ERANET CoFund financial rules.
