

European ERA4CS Joint Call for Transnational Collaborative Research Projects 2016

Topic B - Researching and Advancing Climate Service Development by Institutional integration

Research Performing Organisation: **Swedish Meteorological and Hydrological Institute, SMHI**

Notice: Depending on all conditions of eligibility and peer review being met, the budget earmarked collectively by the participating **SMHI** for this call will be up to **1.653k€** (according to exchange rates at time of funding).

The official call announcement will be published on the **SMHI** website. Details of the call and the application process are provided via the www.era4cs.eu website. Applicants are required to contact their Research Performing Organisation Contact Point before starting to prepare proposals for application. For **SMHI** enquiries please see contact information below.

Eligibility and funding modalities: Eligibility requirements for **SMHI** scientists will be available at the **SMHI** web site together with information about the call when this is opened.

Proposals of sub-topic(s):

B.1: Development of new methods and tools

B.2: Impacts studies and models

B.3: Localization of Climate Information and Uncertainties Evaluation

are eligible for **SMHI** funding.

SMHI will fund up to **1.653 k€** per proposals.

It is expected that applications to this call will be Collaborative Research Grants with the consortium composition as defined in the call document, and **SMHI** will fund the **SMHI** researcher of any successful trans-national collaboration, according to the general rules stated in the call.

Funding plan should be drafted in accordance with H2020 financial rules.
